Conservation Group Endorses Candidate

Lubbock, Texas// The democratic candidate for the State Representative-District 83 race received an endorsement this week from the Texas League of Conservation Voters. Mr. John E. Miller, owner of WesTex Document, Inc., announced today that he was contacted by the League's Executive Director, Colin Leyden, informing him of their endorsement.

Mr. Miller's company has been a major supporter for the past two years of the Lano Estacado Audubon Society's annual Prairie Festival. The company has also been a Clean Texas Partner of the Texas Commission on Environmental Quality (TCEQ) since 2001 and participated in their previous program, as a Clean Texas Star Member, going back to the start of his company in 1997. The Texas Commission on Environmental Quality (TCEQ) is the environmental agency for the state. The Clean Texas program is their voluntary environmental leadership program, who's overall goal is to produce real environmental improvements for Texas.

The Texas League of Conservation Voters raises and spends political money to elect Texas candidates committed to clean air, clean water, and access to public lands, water, fish and wildlife -- now and for our grandchildren. Mr. Miller's campaign is not accepting any PAC money during his campaign but will accept endorsements. "This endorsement recognizes me for who I am, a conservationist and I am immensely pleased that Chris Bell and I have earned their endorsement."

Mr. Miller's platform includes supporting the efforts of the **Alliance for a Clean Texas** (http://www.allianceforcleantexas.org/html/leg_session.html) which includes energy security, water quality, healthy air and enforcement of existing laws.
